

## EMBASSY OF DENMARK JAKARTA

### **Are you a Master's student, have knowledge of the energy sector, and are dedicated to #working for Denmark?**

If the answer is 'yes!' you might be our new Indonesian Energy intern! The Energy Sector Team at the Embassy of Denmark in Jakarta is looking for a pro-active Indonesian intern who wants to play an essential role in strengthening and promoting energy cooperation between Indonesia and Denmark and to increase knowledge about Indonesia in Denmark and about Denmark in Indonesia.

The Embassy's Energy Team is managed by the Energy Counsellor.

#### **Your role:**

The Indonesian intern will report to the Energy Counsellor and will be assisting in implementing the Embassy's Government-to Government (Strategic Sector Cooperation) Programme; political reporting; as well as assisting in the implementation of an ambitious communication strategy – by producing articles and social media updates to both Danish and Indonesian audiences. The Embassy will draw upon the intern's insight in Indonesian energy politics and political processes.

Assignments will include:

- Preparation of reports on Indonesian energy politics.
- Contribution in assignments within public diplomacy, press work and media handling, including social media.
- Assisting in implementing the Embassy's Strategic Sector Cooperation Programme on energy.
- Helping cultivate the Embassy's network of Indonesian partners in various areas.
- Taking part in planning of public diplomacy events and small projects (mini grants) as well as workshops and seminars.
- Provide political advice on the energy sector to the Embassy management team on all aspects of Denmark's engagement.

#### **Your competences:**

It is absolutely crucial that the intern has excellent English skills in writing as well as oral. Shortlisted applicants will be tested in their ability to communicate in English. The intern should have rich knowledge about political processes in Indonesia, Indonesian energy policy, e.g. energy planning, renewable energy and energy efficiency. Understanding of the ongoing energy sector transition and the challenges and potential related thereto. The intern must be enrolled in a Master's degree programme or equivalent.

#### **What we offer:**

The Embassy is offering a six months' internship and will be full time work. The salary will consist of a base salary allowance reflecting the candidate's level of qualifications and functions in addition to a possible performance based bonus. We would like you to start as soon as possible and preferably no later than 1 February 2017.

The Embassy of Denmark offers an informal and flexible working environment – we want to have fun every day, but we are also ambitious with a clear goal of delivering results and boosting Denmark's relationship with Indonesia. Our Embassy team consists of a combination of posted staff and local colleagues – and we have an excellent gender balance.

#### **What you need to do:**

Send an application containing cover letter, photo, CV, copy of diploma(s) and any recommendations as a single PDF-file at the latest on Monday 23 January, 2017 by e-mail to: The Embassy of Denmark, Email: [jktambvacancy@um.dk](mailto:jktambvacancy@um.dk). Please write "Indonesian Intern Energy" in the subject.

Kindly note that only short-listed candidates will be contacted.
